

DO YOU HAVE A LONG TERM CONDITION ?? Did you know....

We provide Annual Health Reviews to monitor your condition.

For safety Polypharmacys Reviews are provided with patients on 10 or more medications

We offer Preventative advice and support

We work as part of an Intergrated Community Team to help with your health needs outside of General Practice

We also work with Community respite team to help support you or your family in time of need

If you consent to having a Summary Care Records sharing, we can update you records and have your basic health information available to ambulance services and hospital immediately in the case of an accident or emergency.
